

2017 Rocket Day at Strathearn Park - W6S Simi Valley, California - November 18, 2017

Rocket Day is an annual celebration of the local aerospace workers and industry that made the US Space programs possible presented by the *Simi Valley Historical Society*. <http://www.simihistory.com>

The W6S Special Event Station is produced and operated by members of the Simi Settlers Amateur Radio Club – W6SVS. Look for us on 20 meters CW and 20 meters SSB between 1800 and 2400 UTC. During our four hours of overlap with the SSB Sweepstakes, we will happily provide sweepstakes exchange data (<sn> **M W6S 17 SB**)

QSL Information: SSARC is happy to issue a QSL card featuring a signature view of the Strathearn Historical Park on side one and the Saturn V Apollo 15 Launch along with the QSO data on side two. To receive this card, **you must send your QSO data (QSL card) and an SASE (or \$2)** to the Rocket Day QSL manager before **January 18, 2018**. Late arriving QSL requests may be filled while supplies last.

QSL Manager: Bill Woods – AB6BW
2905 Topaz Ave
Simi Valley, CA 96063
ab6bw1@gmail.com

QSL Deadline: January 18,2018
